Section 3 - Composition / Information on Ingredients

Product based on cement and mineral filler.

Hazardous Components	CAS No.	TLV	PEL	Weight %
Portland Cement	65997-15-1	10 mg/m ³	5 mg/m ³	25 – 50
Crystalline Quartz Silica (SiO ₂)	14808-60-7	0.05 mg/m ³	0.1 mg/m ³	40 - 75

There are no additional ingredients present which, within the current knowledge of the supplier and in the concentrations applicable, are classified as hazardous to health or the environment and hence not require reporting in this section.

Section 4 - First Aid Measures

After Inhalation: Remove subject to fresh air. Administer oxygen if difficulty with breathing. Consult a

physician.

After Ingestion: Immediately seek medical attention. Do not induce vomiting without medical advice. If

conscious, drink plenty of water.

After Skin Contact: Instantly wash skin with plenty of soap and water for at least 15 minutes. Wash clothing

before reuse. Seek medical attention if symptoms persist.

After Eye Contact: Rinse opened eye with plenty of running water for at least 15 minutes, lifting upper and

lower eyelids occasionally. Consult physician.

Section 5 – Fire Fighting Measures

Extinguishing Media: Carbon dioxide (CO₂), extinguishing powder, water fog, alcohol-resistant

foam.

Special Fire Fighting Procedures: As in any fire, wear full protective gear and NIOSH-approved self-

contained breathing apparatus with full face-piece operated in the

pressure demand or other positive pressure mode.

Unusual Fire and Explosion Hazards: No unusual fire or explosion hazards. Material can splatter above 212°F

(100°C).

Section 6 – Accidental Release Measures

Person-related Safety Precautions: Avoid causing dust. Avoid eye and skin contact.

Environmental precautions: Prevent material from reaching sewage and drainage systems or bodies

of water.

Methods for Cleaning up: Use dry cleanup methods that do not disperse dust into the air. With

water, material hydrates to a solid harmless waste. Wear personal

protective equipment. Emergency procedures are not required.

SDS No. 1.1.1

Section 7 - Handling and Storage

Handling: Avoid causing dust. Avoid eye and skin contact. Keep out of reach of children.

Storage: Store in a cool, dry enclosed area off the ground in tightly closed containers. Protect against

wetness and water. No special measures required against explosion and fires. Store away from

foodstuffs.

Section 8 - Exposure Controls / Personal Protection

Engineering Controls: Use with adequate general and local exhaust ventilation.

Washing of the skin in the working area must be possible.

Eye-wash bottle must be available.

Respiratory Protection: Wear a properly fitted NIOSH approved respirator in poorly ventilated areas and/or if

high dust concentrations are encountered.

Skin Protection: When installing, wear appropriate protective rubber or plastic gloves to prevent

hand-skin exposure. Wear appropriate impervious clothing to prevent skin

exposure (long sleeve shirt and long pants).

Eye Protection: Wear tightly sealed safety glasses with side shields or goggles. Face shield as

necessary.

Work/Hygienic Practices: Wash hands before breaks and after work, and before eating, drinking or

smoking.
